

Hello there and congratulations!

You have been chosen to join our colorful team of sports instructors!

'Some learn by reading, some learn from other's mistakes, but a few still have to go touch an electric fence themselves.'

- Tom Lundberg

Autumn is getting nearer and studies at Kajaani University of Applied Sciences are slowly starting. You might have a lot of questions on your mind: What do the next few years hold for me? How can I get started with the studies? Will I fit in into the group and at school?

Don't worry! We have a relaxed and very open-minded atmosphere at our school, there is space for everybody and nobody is left alone. There are also many of us tutors helping you with your studies, already from the very first day on. You will most likely notice us by our red overalls and are always welcome to ask or talk about anything that is on your mind.

There are no stupid questions! We are here just for you!

Whether you are the one learning by reading or learning from history, or even the one who has to try the electric fence, you are warmly welcome to be a part of our awesome student's team!

Waiting for the autumn,
the tutor team

KAMK, the student union KAMO and the tutors are organizing an active weekend for the new students 1. - 2.9.2017 on campus and in the city. A more detailed programme will be published during the first week of school. We hope to see you there!

We have created a group on Facebook with your group code ASL17S. All of us tutors and the executive director of KAMO are already part of this group and are ready to answer anything you want to know. Join the group and get to know your classmates and us tutors already!

If you have any questions, do not hesitate to contact us. There are still no stupid questions!

Salla Vahvelainen, sports head tutor, sallavahvelainen@kamk.fi

Vera Bruhn, sports vice-head tutor, verabruhn@kamk.fi
