AIKOPA

Aikuis- ja täydennyskoulutuspalvelut

# AIKOPA

AIKOPA offers training services and expertise to

- those who wish to develop their professional skills
- organizations (private, public) interested in development of their work, skills, working processes etc.

Marketing of the services, training

Development projects; strong background and knowhow to apply funds and managing projects

Open University of UAS; flexible study paths

Recruitment services – a link between students and working life

Alumni Network; information about further education, meetings

# International activities or future development plans

- Benchmarking of career and recruitment services and alumni network
- International training courses, education export, open university courses
- Looking for partners to co-operate with international development projects, training courses etc.

# Thank you for your interest!

**Please, contact if you have some questions or suggestion for further co-operation.**

Irene Salomäki

Development Manager
