Master's Degree in Global Business management

Master of Business Administration

Do you want to develop your skills in global business management? Do you work for a company / organization that is seeking growth and planning to internationalize? Do you want to grab this unique opportunity to gain a deeper understanding of different aspects of business in the global operating environment?

Are you interested in expanding your professional networks?

Join KAMK Master School to Study Master's Degree in Global Business Management.

The Master's Degree in Global Business Management at Kajaani University of Applied Sciences will help you on your journey towards achieving a management position, developing a strong professional network, or even starting your own business. The English-taught Master's Degree at Kajaani University of Applied Sciences is a multidisciplinary program that welcomes applicants with the minimum of a Bachelor's (first cycle) degree qualification.

The degree's learning objectives and contents focus on strategic management and innovation in global business, research and development methods, and the use of new technologies in business.

Kajaani University of Applied Sciences has been among the top-ranked universities of applied sciences for high-quality education and student guidance in Finland for many years. KAMK owes its success to the people involved in its operation. Its members of staff possess a positive, innovative, and open-minded attitude to their work and the continuous development of their working community. As a result, the Master's degree opens many doors for its graduates.

The Master's Degree in Global Business Management includes full-time studies on campus for 1.5 years. The program comprises a total of 90 ECTS: course work accounts for 60 ECTS and the remaining 30 ECTS are for the graduate thesis. The 60 ECTS of course work includes 12 individual courses of 5 ECTS each. The courses are designed to provide students with the information they will need to succeed as high-level business leaders in today's modern business environment.

After completing all the required course work, students will be provided with an advisor to help them plan and prepare the master's thesis.

Students interested in applying for the program should submit their applications directly to the university within the allotted application period and they must ensure that they meet the admission requirements. Students should possess a Bachelor's degree (first-cycle degree) or a similarly appropriate higher education degree that includes a minimum of 20 ECTS in business studies, a minimum of 24 months of work experience in the field of business, and sufficient English language skills to complete the program.

Additionally, students must apply for a student visa from the Finnish government to participate in the studies in Kajaani.

Students will be selected based on a motivation letter and interview.

The tuition fees are 10 000 euros per academic year.

Timing and implementation of the studies

The Master's degree at KAMK is a full-time program that consists of lessons, group work, online lectures, e-learning, independent learning, discussions, and assignments. The lectures are delivered almost every day during the semesters, which are from January to May and from August to December.

A group work advisory session is organized once per week. You will also receive professional career guidance from our staff every semester. The study week is 40 hours in length. The assignments for each study module are based on a theoretical framework which is then applied to develop the practices and activities in the workplace/organization.
